

# Boys Club Given Permission To Use Building

## Work to Start on Frankel Apartments Builder Will Not Wait Court's Decision On Merion Project; Says He Has Building Permit

**Largest Operation Since Start of War; Cost Nearly \$2,000,000, Freezing Units, Air Cooling, Underground Garages To Be Features**

Work will begin next week on two large apartment houses in Lower Merion Township, E. J. Frankel, the builder, disclosed Monday.

One will be erected at the corner of North Latches Lane and Old Lancaster Rd., Merion, and the other at Wynnewood Rd. and Lancaster Ave., Wynnewood.

The two operations, involving nearly two million dollars, constitute the largest building operation in Lower Merion since the war started.

Frankel said he will proceed with the Merion project despite the fact that the Lower Merion Township Commissioners have changed the zoning classification of the property from R-5, which permits apartments to R-3 which restricts building to single family homes.

Prior to the zoning change, a building permit was issued by Frankel for the Merion project on a writ of mandamus from the Montgomery County Court. A bill in equity, filed by the Merion Civic Association and John P. Connelly, who owns the adjacent property, is pending before the court. The bill asks that Frankel be enjoined from building an apartment house on the property. It will be heard in the September Argument Court.

In the case of the Wynnewood operation, Frankel said that the Wynnewood Civic Association, which opposed his first plans, has now endorsed the project 100 per cent. Frankel planned to erect a six-story apartment house; the civic association directors countered with a proposal for a four-story apartment and Frankel dropped to five floors.

The builder estimates that the cost of the Merion building will be about \$1,000,000 and the Wynnewood building approximately \$900,000.

The Merion apartment house will be six stories high with penthouses comprising the sixth floor. It will be fireproof, constructed of brick, limestone and steel and will accommodate 100 families. The apartments will range from three rooms to very large units, and an underground garage will provide car space for each family in the building, the builder said.

Freezing units will be installed, and all the large apartments will be air conditioned. The smaller apartments will be air conditioned if the tenants wish.

The Wynnewood apartment building, Frankel said, while somewhat smaller and of different architectural design, will be much like the one in Merion. This building will be five and one-half stories high and will accommodate four families will be accommodated in this house, which will have the same conveniences and features as the Merion building.

Frankel said the fact that some materials needed for the construction work have already been released by the government was the reason work could begin so soon on the buildings. Other vital materials will be released by the time they are needed, he predicted.

Construction of the apartment building in Wynnewood will start within nine months to a year and the Merion project some time longer, Frankel said.

## YMCA Boys Visit Police Department

**Chief Shows Them How The Briefing Is Done**

Major Samuel Gearhardt, Superintendent of the Lower Merion Police Department, was host to the Main Line YMCA Rangers last Monday morning when they visited the police headquarters for their weekly "Briefing period". After conducting a tour through the department, Major Gearhardt spoke to the boys from the Bench in Magistrates Court, describing some of the mistakes that lawbreakers make and the disadvantages of having one's name on the police records. He also listed the steps through which a suspected law-breaker goes before he is convicted or acquitted, as the case may be.

One of the boys, James O'Donnell, of Ardmore, who decided to do a little exploring on his own, found himself locked in a jail cell, where he remained until he was released by the guard on duty. The boys were accompanied by N. L. Fuller, "Y" Secretary, and Mr. J. B. Covington, a "Y" Leader.

The boys spent Wednesday at Smedley Park in Delaware County. Next week they will see three interesting events culminating the Summer program for these junior "Y" members. Tuesday they will journey to Shibe Park to see the A's play, and Wednesday they will entertain a similar group from the West Branch "Y". On Wednesday evening the Rangers program will officially close with a Parent's Night supper, at which time awards will be made, movies shown, and games to be played by all.

## Motorists Pick Up Tempo of Peace Time Traffic

**Police Warn Against Drivers Who Are 'Rusty'**

Lifting of gasoline rationing and the 35-mile-an-hour speed limit has increased the tempo in the number of traffic accidents or violations, police reported this week.

Police said there were more pleasure cars on the road over the weekend but, in some sections, this was offset by a decline in motorists who have been working in war plants.

In Delaware County a police officer reported that returning veterans, accustomed to driving jeeps, tanks and trucks, were the chief speeding offenders. He also warned against motorists who because of rationing have not been using their cars regularly and have grown "rusty."

Police officers said they were prepared to clamp on rigid traffic control if accidents or violations showed an upward trend. Lower Merion Township will re-establish its motorcycle patrol as soon as possible.

Police seemed agreed that the majority of drivers were not taking advantage of the increased speed limit due to the poor condition of their tires.

Sgt. Daniel Magee of the Lower Merion police reported a tremendous increase in traffic over last weekend and said that in many places there was a solid line-up of cars.

At the moment, Sgt. Magee said, no stricter traffic controls were contemplated but if violations increased they will be curbed. He stated that Lower Merion has always had a rigid traffic control and that present regulations would take care of existing conditions. He said the only change which is being contemplated is to return to duty the motorcycle police who were removed during the war due to the manpower situation. Before the war there were eight to 10 men whose job it was to patrol the township on motorcycles.

Lt. James Hartness of the Haverford Township police said that traffic had shown little increase since restrictions were lifted.

"Traffic has been heavy in the township," he said, "because of the great number of war workers.

## Price Control Now Chief OPA Concern

**Three Suburban Boards Will Continue Full-Scale Operation**

Although ration restrictions have been lifted on gasoline and some food items, the OPA Ration Boards in Ardmore, Bryn Mawr and Haverford Township will continue to function.

In fact, they will probably be busier than ever, because they are now faced with the problem of maintaining price controls without the aid of the emotional propaganda weapons available when the country was fighting a desperate war.

The three board chairmen said Wednesday that there will be a great increase in emphasis placed on price control. They pointed out that as industry starts to turn out new civilian goods—such as electrical appliances, automobiles and stoves—these, too, will come under price control, which will add to the work of the boards.

At a meeting of the Ardmore board Tuesday night, Henry M. Harmon, chairman, declared: "The battle is now against ourselves, not against the enemy."

He said that retail food prices have risen only 15 per cent during the war over March, 1942, when controls were established.

All these boards indicated that board members and volunteer workers, who have heretofore been occupied with gasoline and fuel rationing, would now be asked to give their services to the Price Control Boards.

The panels of the three boards will continue to maintain price control over meats, even though it

## Club Discusses Vets and Business

**Eala - Cynwyd - Narberth Rotarians Talk of Problems**

Bed Wooley told members of the Eala-Cynwyd-Narberth Rotary Club on Tuesday, that if the government didn't place ceilings on surplus war goods to prevent supplies from being grabbed and sold at higher prices, the building industry would not be in full swing for several years.

Wooley, an architect and builder, was one of three members of the club who talked to the meeting on the subject of "Room in Your Business for the Returning Veteran."

Ray Watson, connected with the R. R. Bringham Co., underlumber, also gave his views on the returning veteran and business.

James Carroll, chairman of the vocational committee of the club, was in charge of the program. Following the talks a round table discussion was held.

Visitors included: Bill Lewis, Ralph W. Gilling, Dick Phillips, John Albert, Jr. and A. E. Hickerson of Ardmore, Frank Humes of Harrisburg, Tom Dietz of Spring City, Royersford and John Howson of Wayne.

At next week's meeting the speaker will be Angelo F. Menna, field director for the American Red Cross who has served in Central Africa, Liberia, Gold Coast, South America and Porto Rico. He is now assistant field director for the Philadelphia district which includes Valley Forge hospital.

Menna is former athletic coach at the Ambler High School and comes from Lansdale.

## Peace To Increase Scouting Activities

**Commissioners Expect Large Veteran Turnout For Trained Leaders**

The end of the war is expected to be followed by a great increase in Boy Scout activities along the Main Line.

This belief was expressed at a combined meeting of the District Executive Committee and the Neighborhood Commissioners held Sunday afternoon at the farm of Dr. Charles A. Behney, near Eagle, Pa.

Release of many young men from the service will make available a number of trained Scout leaders as well as others whose war experience will fit them for positions of leadership. Furthermore, a number of facilities, such as swimming pools, which temporarily were closed to Scout use, will again be available.

Returning veterans who are interested in work with boys will be urged to associate themselves with Scouting, either as Scoutmasters or assistants, as members of troop committees, or in other capacities.

## Service Marks 81st Anniversary of Red X

A special brief service was held on Wednesday, August 22, at the Main Line Branch of the American Red Cross in commemoration of the 81st anniversary of the founding of the International Red Cross.

A history of this great humanitarian organization since its inception in 1864 was read. A short resume followed of the activities of the Main Line Branch of the American Red Cross from its beginning in 1917 through the present time.

The chairman of the Branch, Mrs. Theodore A. Phillips, in speaking of the future, stated that the needs of humanity, resulting from the ravages of war, met by the work of the Red Cross, would so on for many years. Everyone of the services with the exception of the Blood Donor Service will continue.

## Triplets Born At Bryn Mawr Hospital; Little Girl Dies

Triplets—two boys and a girl—were born Tuesday night at Bryn Mawr Hospital to Mrs. Richard C. Nation, 719 Eagle Rd., Oakmont. The little girl lived only two days, but physicians said the two boys are in fair condition.

Mrs. Nation and her husband were not even expecting twins. The triplets were the first set ever born at Bryn Mawr Hospital.

The mother is the former Helen H. Swartz, daughter of Mr. and Mrs. Chester D. Swartz, 23 N. Wyoming Ave., Ardmore.

## Patrolman Minnis Gets Scholarship To Traffic School

Patrolman Philip Minnis, of the Lower Merion Township police force, has been awarded a \$150 scholarship to the Police Traffic Administration School at Northwestern University. It was announced this week.

The five-months course, which begins September 10, will be the second one Minnis has taken at the school. He was sent there for a short traffic course two years ago by Lower Merion.

Minnis was one of 32 municipal, state and county policemen selected from all sections of the country to receive fellowships and scholarships this year to the university's traffic institute.

## Former L. M. Swim Star Captures National Honors

Cpl. Jane E. Cook, MCWR, daughter of Mr. and Mrs. G. Gordon Cook, of 114 Simpson Rd., Ardmore, and former Lower Merion High School swimming star, captured national swimming honors in recent meets held in North Carolina.

Cpl. Cook, now stationed at the Cherry Point, N. C., Marine Air Base, was entered in the 100-meter freestyle race at Goldsboro, and defeated 14 contestants for the Eastern Carolina A. A. U. championship. Her time was 1:08. In Raleigh, N. C., she won the Western Carolina A. A. U. 100-meter freestyle championship in 1:07.4.

The National Junior 400-meter freestyle championship at Tarboro, N. C., was next on the list. Swimming third throughout half of the race, she pulled into first place in the last 100 meters and finished first by three meters, nosing out four other entries. Her time was 5:15.0.

In the same meet, Tinnie, as she is known to her friends, placed second in the 100-meter race, second in the 200-meter race, third in the 100-meter backstroke, and third in the 200-meter backstroke at High Point, N. C. She placed second in the 200-meter freestyle and third in the 100-meter freestyle races.

The National Junior title is emblematic of the Junior Championship of 1945, as it is held once a year and winning entries are not allowed to compete in other junior freestyle championship races. The Senior titles are contested on one place, and draw a larger field of entries and offer stiffer competition.

## District Legions To Meet Aug. 25

Three L. M. Posts Will Send Delegates To Willow Grove

Three American Legion posts of Lower Merion Township will send delegates to the district Legion meeting to be held at Willow Grove on August 25.

Delegates from the Harold Speakman Post of Narberth are Frank S. Challenger and George Burgess. Alternates are George Torchiana and C. M. Belits. Henry M. Harmon will represent the Bullock Sanderson Post of Ardmore and Russell Garber will represent the Theodore D. Vandiver Post of Bala-Cynwyd with Roger McCall as alternate.

The local district conference has been scheduled in place of a statewide convention because of the transportation situation.

Among the resolutions which have prepared to be acted upon at the meeting is a resolution protesting release of conscientious objectors until all members of the Blood Donor Service will continue.

## Price Control Now Chief OPA Concern

**Three Suburban Boards Will Continue Full-Scale Operation**

Although ration restrictions have been lifted on gasoline and some food items, the OPA Ration Boards in Ardmore, Bryn Mawr and Haverford Township will continue to function.

## Patrolman Minnis Gets Scholarship To Traffic School

Patrolman Philip Minnis, of the Lower Merion Township police force, has been awarded a \$150 scholarship to the Police Traffic Administration School at Northwestern University. It was announced this week.

The five-months course, which begins September 10, will be the second one Minnis has taken at the school. He was sent there for a short traffic course two years ago by Lower Merion.

Minnis was one of 32 municipal, state and county policemen selected from all sections of the country to receive fellowships and scholarships this year to the university's traffic institute.

## Former L. M. Swim Star Captures National Honors

Cpl. Jane E. Cook, MCWR, daughter of Mr. and Mrs. G. Gordon Cook, of 114 Simpson Rd., Ardmore, and former Lower Merion High School swimming star, captured national swimming honors in recent meets held in North Carolina.

Cpl. Cook, now stationed at the Cherry Point, N. C., Marine Air Base, was entered in the 100-meter freestyle race at Goldsboro, and defeated 14 contestants for the Eastern Carolina A. A. U. championship. Her time was 1:08. In Raleigh, N. C., she won the Western Carolina A. A. U. 100-meter freestyle championship in 1:07.4.

The National Junior 400-meter freestyle championship at Tarboro, N. C., was next on the list. Swimming third throughout half of the race, she pulled into first place in the last 100 meters and finished first by three meters, nosing out four other entries. Her time was 5:15.0.

In the same meet, Tinnie, as she is known to her friends, placed second in the 100-meter race, second in the 200-meter race, third in the 100-meter backstroke, and third in the 200-meter backstroke at High Point, N. C. She placed second in the 200-meter freestyle and third in the 100-meter freestyle races.

The National Junior title is emblematic of the Junior Championship of 1945, as it is held once a year and winning entries are not allowed to compete in other junior freestyle championship races. The Senior titles are contested on one place, and draw a larger field of entries and offer stiffer competition.

## District Legions To Meet Aug. 25

Three L. M. Posts Will Send Delegates To Willow Grove

Three American Legion posts of Lower Merion Township will send delegates to the district Legion meeting to be held at Willow Grove on August 25.

Delegates from the Harold Speakman Post of Narberth are Frank S. Challenger and George Burgess. Alternates are George Torchiana and C. M. Belits. Henry M. Harmon will represent the Bullock Sanderson Post of Ardmore and Russell Garber will represent the Theodore D. Vandiver Post of Bala-Cynwyd with Roger McCall as alternate.

The local district conference has been scheduled in place of a statewide convention because of the transportation situation.

Among the resolutions which have prepared to be acted upon at the meeting is a resolution protesting release of conscientious objectors until all members of the Blood Donor Service will continue.

## Price Control Now Chief OPA Concern

**Three Suburban Boards Will Continue Full-Scale Operation**

Although ration restrictions have been lifted on gasoline and some food items, the OPA Ration Boards in Ardmore, Bryn Mawr and Haverford Township will continue to function.

In fact, they will probably be busier than ever, because they are now faced with the problem of maintaining price controls without the aid of the emotional propaganda weapons available when the country was fighting a desperate war.

The three board chairmen said Wednesday that there will be a great increase in emphasis placed on price control. They pointed out that as industry starts to turn out new civilian goods—such as electrical appliances, automobiles and stoves—these, too, will come under price control, which will add to the work of the boards.

At a meeting of the Ardmore board Tuesday night, Henry M. Harmon, chairman, declared: "The battle is now against ourselves, not against the enemy."

He said that retail food prices have risen only 15 per cent during the war over March, 1942, when controls were established.

All these boards indicated that board members and volunteer workers, who have heretofore been occupied with gasoline and fuel rationing, would now be asked to give their services to the Price Control Boards.

The panels of the three boards will continue to maintain price control over meats, even though it

## Club Discusses Vets and Business

**Eala - Cynwyd - Narberth Rotarians Talk of Problems**

Bed Wooley told members of the Eala-Cynwyd-Narberth Rotary Club on Tuesday, that if the government didn't place ceilings on surplus war goods to prevent supplies from being grabbed and sold at higher prices, the building industry would not be in full swing for several years.

Wooley, an architect and builder, was one of three members of the club who talked to the meeting on the subject of "Room in Your Business for the Returning Veteran."

Ray Watson, connected with the R. R. Bringham Co., underlumber, also gave his views on the returning veteran and business.

James Carroll, chairman of the vocational committee of the club,

## Lower Merion Police Doubt Murder Theory In Mrs. Shaw's Death

Lower Merion Twp. Police declared today there was nothing in their investigation to indicate foul play in the death of Mrs. Beatrice Vane Shaw, 42-year-old heiress daughter of the late U. S. Senator William S. Vare, on Sunday, Aug. 12.

A theory that Mrs. Shaw might have been pushed under the crack Pennsylvania Railroad near the Haverford Station of the Pennsylvania Railroad that Sunday morning, had been advanced after it was reported that Mrs. Shaw's handbag, containing \$130, had not been found.

Philadelphia Attorney Jay W. Sechler, who was to have married Mrs. Shaw in October, said he was positive Mrs. Shaw was carrying the handbag when she left her home that morning. The handbag has not been found. Instead a cheap purse containing 25 cents was found near the accident scene. This purse, relatives declare, was not Mrs. Shaw's.

Lower Merion Police reported they had not received any complaint that the handbag was missing.

"We have not received any complaint about a missing pocketbook," declared a detective who investigated the case. "In fact no such report has been made to this office up to 11 this morning."

The officer indicated there was little likelihood of truth in the theory Mrs. Shaw may have been pushed under the train by a robber.

Coroner W. J. Rushong said this morning that the inquest would be conducted as scheduled tomorrow morning at the Court House. Witnesses have been subpoenaed.

During the hearing before the six-person coroner's jury, details surrounding the death of Mrs. Shaw will be aired.

The woman, widow of Dr. John

J. Shaw, former State Secretary of Health, was believed to have met her death beneath the wheels of the Pennsylvania Railroad crack Chicago-to-New York Express.

## No Eye Witnesses

However no witnesses have been found by police who saw the accident. Not even the engineer of the train saw it and her body was not found until 20 minutes after the flyer had passed through the station.

Miss Nellie Morris, of 1504 Wolf St., Philadelphia, an aunt, identified the body about 10 hours later at an Ardmore funeral home.

The body was found about 50 feet east of the station platform at 9:45 A. M. It was believed at that time by police she either was torn from the platform by the rush of air created by the speeding train or was standing on the tracks.

A purse found nearby contained 25 cents. However, Miss Morris insisted this purse did not belong to Mrs. Shaw.

## RATION INFORMATION

## CIVILIANS AT PEACE

The Government needs and asks its citizens in this first week of PEACE to:

1. Continue to fight the danger of rising living costs by buying only what you need and at ceiling prices. Remember that 40 per cent of the price rise occurred after the armistice in 1918.

2. Stay at your post as a nurse's aide or return to professional nursing to help your local hospital handle record numbers of patients. Care of sick and wounded will require the services of military nurses for many months.

3. Stick to your plans to help your local corp corps. Limited food supplies must not spoil, and farm labor will continue short until long after harvest.

## REMINDERS

Meats, fairs (last date for use)—Red Stamps Q2 through U2, August 31; Red Stamps V2 through Z2, September 30; Red Stamps A1 through E1, October 31; Red Stamps F1 through K1, November 30.

Sugar Stamps (last date for use)—August 31. Next stamp becomes valid September 1.

Shoes—Airplane Stamps Nos. 1, 2, 3, 4, in Book Three continue valid indefinitely.

## HIGHLIGHTS OF PLAN FOR RECONVERSION

The Japanese surrender has brought an end to a number of wartime restrictions on the civilian economy. But it still leaves problems of keeping prices stable, conservation of scarce consumer goods, and other basic matters involved in reconversion from war to peace, according to reports from the Office of War Mobilization and Reconversion, WPB, OPA and other government agencies responsible for an orderly transition to a peace economy.

The report of the Office of War Mobilization and Reconversion, submitted by John W. Snyder, Director, and entitled "From War to Peace: A Challenge," stresses that the goal of our peacetime economy is a vastly expanded production which will make possible the attainment of the four major economic objectives which face us in the months ahead. They are:

Jobs for all those willing and able to work; a steadily rising standard of living; stabilization of our economy to avoid disastrous inflation or deflation; and increased opportunities for farmers and businessmen.

The report highlights the following important questions that V-J Day has raised and gives some specific answers:

I. Military Contracts: All military contracts are being terminated immediately, except those required for experimental and development purposes and for the maintenance and supply of the armed forces. The largest continuing item in Army procurement will be in food and this will be cut as fast as demobilization will permit. Navy reductions will be smaller and more gradual.

II. Demobilization: Demobilization from the armed services will return from at least 7,000,000 men to civilian life within the next year. At present, the Army is demobilizing at the rate of 170,000 per month. Within several months, the rate is expected to reach 500,000. The Army will demobilize on the same basis as formerly, releasing first those men with longest combat service and greatest number of dependents. The Navy plans to demobilize some of its personnel, almost immediately. Both the Army and the Navy will continue to draft on a reduced basis, some men to replace those of longer service.

III. Unemployment and Manpower: All controls over manpower are to be removed and the compulsory 48-hour week ended at once. The U. S. Employment Service will devote its best efforts to finding jobs for displaced workers and veterans and assisting claimants for unemployment compensation.

Unemployment currently is estimated at 1,100,000 persons. This represents the total without jobs on a given day, many of them being persons "between jobs." This total of unemployment is expected to rise to 5,000,000 or more within three months; perhaps to 8,000,000 before next Spring, as those released from war jobs are joined by large numbers of men discharged from the armed services. Many of the unemployed will find new jobs within a few weeks—others will face extended periods without jobs.

## RULES FOR MAILING YULE GIFTS OVERSEAS

Millions of Christmas gifts will go overseas again this year to our armed forces. It will be especially difficult to deliver these gifts safely and on time. The Army and Navy point out, unless families of service men and women cooperate in starting them off right. The following rules are therefore suggested for mailing Christmas packages abroad.

1. If your soldier is enroute home or about to come home, don't send him a Christmas package.

2. Use his latest address and be sure it's complete and accurate: name, rank, serial number, organization and unit, APO, in care of postmaster at port of embarkation. Address it—then check it.

3. Mail Christmas gifts overseas from September 15 to October 15. In the Army, this is the only time you can mail a parcel overseas without a written request from your soldier. But . . .

4. If there's reason to believe he may move to a new location, it's safer to wait till you can mail your gift to the new address—even if this means asking him for a letter requesting your gift so that you can mail it after October 15.

5. Use a heavy box and strong cord. (Government-approved overseas boxes can be bought at retail stores.)

6. Send only usable gifts like tinned dried fruit, canned luxury foods, razor blades, fountain pens, wallets, watches, etc.

7. DON'T mail perishable foods, intoxicants, weapons, poisons, and all inflammable materials, including matches and lighter fluids.

8. Your package must not weigh over 5 pounds. It must not be more than 15 inches long, or more than 36 inches in length and girth combined.

Navy gifts should be sent during the same period—from September 15 to October 15. However, gifts destined for Navy, Marine or Coast Guard personnel may be sent throughout the year without a written request.

Mail Christmas cards any time, but seal them and put on first class postage.

## Peace To Increase

Continued from Page 1

neighborhood or district activities.

A. Morse Baker, chairman of the District Executive Committee, is hopeful of enlarging and strengthening all of the service committees under his jurisdiction.

Wesley Matthews, newly appointed District Commissioner, has named Carl O. Berger, former Neighborhood Commissioner, as an assistant. With the recent appointment of Dudley Pruitt and Osborne Roberts, there is now an assistant District Commissioner for the lower, central, and upper Main Line sections.

Activities for older boys are expected to show an especially large increase, with the organization of new units of Senior Scouts, Sea Scouts, and Air Scouts. It is expected that several of these units will be organized in connection with industrial concerns along the Main Line.

Cubbing, the program for boys between 9 and 12 years old, also

is expected to increase. Efforts of the Scout leaders are directed toward providing a continuous program for boys from 9 years up to 17 or 18 years old, varied to suit the interests of different age levels.

The combined meeting on Sunday was of an informal nature and was followed by swimming and an outdoor supper. Members of the District Executive Committee present included C. Sumner Davis, vice-chairman; L. E. Curtis, Field Commissioner; William R. Oles, District Executive; L. E. Langman, A. W. Lees, W. G. Lantierman, Ralph K. Unkefer, Charles A. Wright, and Dr. Charles A. Behney.

Members of the Commissioner's staff present were Wesley Matthews, District Commissioner; Dudley Pruitt, Osborne Roberts, and Carl O. Berger, assistants; G. O. Fletcher, Waldo E. Yohr, E. M. Langley and M. T. Thompson, Neighborhood Commissioners.

Plans were announced for Fall activities, including a Pow-Wow Salinagundi Party at Camp Delmont on September 15 and 16.

## Here and There

Continued from Page 1

in the fields where the cows used to graze.

The old Shortridge house faces on Lancaster Pike, and in the morning one can still hear the cocks crow in the barnyard.

The first building to be erected was the Wynnewood Park Apartment House, then later some lovely houses on Bowman Avenue way. Now the entire plot has been surveyed and laid out, and shortly the children's playground will be a new community.

Margaret Harshaw, contralto with the Metropolitan Opera Company, her husband, Mr. Oskia Elchman, and their two children, spent the past week with her mother, Mrs. David Harshaw and her brother-in-law and sister, Mr. and Mrs. C. Fred Keubler, in Narberth Park. Miss Harshaw has just returned from a five weeks engagement at Mexico City, and another five weeks on tour. She will leave for an engagement in San Francisco September first before returning to the Metropolitan.

Martha Jane Barker, daughter of Mr. Charles F. Barker of Bryn Mawr, and wife of Ems. Robert Hall Merrick, Jr., U. S. N., a "Powers" Model, is featured in a full page ad for "Woodbury's" in the August 20th issue of "Life."

## None Lose Jobs As

Continued from Page 1

ernment gave the go-ahead signal on the limited production of heavy commercial vehicles. Reconversion has continued since victory and with the exception of a few details, conversion to civilian production is virtually complete.

With the end of the war the Autocar Company returned to the 40-hour work week. A spokesman for the United Automobile Workers Union CIO Local 131 said yesterday this means a 30 to 35 per cent decrease in the "take home" pay for the Autocar workers. He estimated that there were between 2,400 and 2,500 "clock workers" working by the hour, who are affected by the shortening of the working week.

James Leary, committeeman for the union, said the union asked the company on Monday to increase the hourly pay rate in order to make up the deficit in the number of work hours per week. The request is under consideration by company officials at the present time.

Leary states that the union felt

the "take home" money must be increased as long as the increase in living costs prevails.

He also said that the relationship between the union and the company has always been very harmonious and the company has always been very fair to its employees. It is expected that an agreement will be reached shortly.

## Price Control Now

Continued from Page 1

may not be rationed much longer. Control will also remain on other necessary items such as rents and foods until the present Price Control Act expires on June 20, 1946, unless Congress should decide otherwise before that time.

All of the boards are urging consumers not to destroy their gas ration books as they will be of help in obtaining tires as long as these remain on the ration list.

The Bryn Mawr Board is the only board which plans changes in its personnel and activities. A spokesman for the board said that the paid personnel of the office will be reduced from six to three, but that volunteers and board members will continue to function as usual. The board will no longer be open on Tuesday evenings, unless there is a price hearing.

A spokesman for the Haverford Township board said that at the present time no changes will be made in that office but that heavier stress will now be placed on price control in order to avert inflation.

## PROFESSIONAL SYMBOL

Originally, a chef's hat was fancy, made of embroidered rich materials. It had its beginning in the court of Henry II, of France, when Diane de Poitiers suggested that fine cooks be awarded a distinctive cap similar to the honor accorded respected judges of the court, as a symbol of an honorable profession.

## MUSIC TEACHER

Bachelor of Music Degree. Will take pupils on voice or piano. Widely experienced training children's voices.

## District Legions

Continued from Page 1

armed forces have returned to their homes.

The Legion announced it would renew its fight to obtain additional hospital facilities for Pennsylvania veterans. District groups will be asked to approve a resolution calling for establishment of six hospitals for servicemen in addition to the three already in operation in the State.

Other resolutions would:

1. Demand immediate deportation of all aliens in the United States with "records of subversive activities."

2. Seek Congressional legislation to guarantee payment of the full \$10,000 in Federal insurance to beneficiaries of men who died in service.

3. Denounce all individuals and groups carrying on subversive or "hate" propaganda "using the emotions of mothers whose sons were killed" for commercial purposes.

4. Ask Congress to make financial restitution to servicemen who were paid in countries where the value of the dollar was less than in the United States.

5. Ask that men be given "decent uniforms" when discharged from service.

The Legion executive committee announced that it would delay action on the proposal to establish a Boys' Town in Pennsylvania, explaining that all available funds would be needed to expand services for veterans.

## CHURCH NOTES

Christian Science Churches

"Mind" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 26. The Golden Text is: "Blessed be the name of God for ever and ever: for wisdom and might are his: . . . he giveth wisdom unto the wise, and knowledge to them that know understanding" (Daniel 2:20, 21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Question—What is intelligence? Answer—Intelligence is omniscience, omnipresence, and omnipotence. It is the primal Mind, of the trine Principle—Life, Truth, and Love—named God" (p. 469:7-11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Question—What is intelligence? Answer—Intelligence is omniscience, omnipresence, and omnipotence. It is the primal Mind, of the trine Principle—Life, Truth, and Love—named God" (p. 469:7-11).

## Tily-Gylling Rites Held Saturday In Bala - Cynwyd

The marriage of Miss Betty Ruth Gylling, daughter of Mr. and Mrs. Carl F. Gylling, of Albuquerque, N. M., and Major Harry C. Tily, 3d, USA, son of Mr. and Mrs. Harry C. Tily, 2d, of Bala-Cynwyd, was solemnized Saturday at 4 o'clock in St. John's Episcopal Church, Bala-Cynwyd.

The bride was given in white tulle, trimmed with Chantilly lace, a finger-tip length veil, and carried a bouquet of stephanotis which surrounded an orchid.

Mrs. Orrin John Mitchell was matron of honor and wore a pale blue marquisette dress. The flowers adorning her hair matched her bouquet.

William E. Tily, Radio Technician 3/c, USNR, acted as best man for his brother. The ushers included Dr. Joseph Snyder, Orville Smith, Robert Brandin, Capt. Richard Alloway, Robert Zapp, Lt. (jg) George Zapp, and Major John C. Mallory.

Dr. Herbert Tily, the bridegroom's grandfather, was their organist.

Major and Mrs. Tily will live in Spokane, Wash., where he is stationed.

## Kneeland-Fairman

Mrs. E. Bruce Fairman announces the marriage of her daughter, Jeanne Ross, to Paul Deane Kneeland, son of Mr. and Mrs. John H. Kneeland of Berkeley, Calif., in the Bala-Cynwyd Methodist Church on Wednesday, August 15.

Mrs. Kneeland was graduated from Smith College in the class of 1944.

The groom is a graduate of Nebraska State College, class of 1931, and received his master's degree from Leland Stanford University.

Mr. and Mrs. Kneeland will make their home in Philadelphia.

## Musical Novelty

Betty Ott, in a musical novelty, will be featured in the Three Woodside Park Sunday concert. Paul Kahn and others will be on the program, at 4.15, 7.15 and 9.45. Jack Steck will sing his "Kiddies' Hour" at 2, when 40 children will be auditioned. All programs will be given in Sylvan Hall.

Other regular features include a colorful fireworks display every Friday, over a score of thrill rides and amusements, and Kiddie Land, for the smaller children.

## HELICOPTER SCANS VOLCANO

An Army Sikorsky helicopter, although built for lower altitudes, recently flew at a two-mile altitude in observing the action of the Mexican volcano, Parícutin. An expedition from the Army's Air Technical Service Command of Wright Field, Dayton, O., handled details.

## BILLIONS FOR SHIPPING

American people have invested some 15 billion dollars in approximately 563 merchant ships since World War II began. It is estimated that we will end the war with between 45,000,000 and 50,000,000 deadweight tons of merchant shipping.

## Announcing... New Arrivals

A girl, born August 7, to Mr. and Mrs. Joseph Slawto, of 154 St. Paul's Rd., Ardmore.

A girl, born August 7, to Mr. and Mrs. Lewis Villet, of 72 Greenfield Ave., Ardmore.

A boy, born August 12, to Mr. and Mrs. Joseph McClatchy, of 1 Hazel Ave., Cynwyd.

A boy, born August 11, to Mr. and Mrs. Albert Granate, of 642 Haverford Rd., Haverford.

A boy, born August 11, to Mr. and Mrs. Keith Warren, of 670 Loraine Ave., Ardmore.

## LEAVES OF GOLD

This may remind you of the time to think of Storm Sash and other insulation. It also reminds us that we have not told you that Gold Leafing is a part of the service of our Art Department, along with Picture Framing, restoring of paintings and the repairing of some items of broken china.

## FIRESIDE

Mr. and Mrs. Harold Paxon, 344 Valley Road, Merion, and Dr. and Mrs. Willis C. Gerhard, of Cynwyd, will leave Friday for the Poconos to remain over Labor Day as the guests of their parents, Mr. and Mrs. Joseph Gerhard of Cynwyd.

Mr. and Mrs. Edward Cowie, 312 Merion Avenue, Narberth, left Friday for Dexter, Maine. Their daughters, Jessie and Jean, who have been spending the Summer at Dexter, will return with their parents.

Mrs. Samuel White of Maple Hall, Merion, has returned from a visit with Mrs. J. Raymond Peck of Bethayres, at her cottage at Lake Kenka at Penn Yan, N. Y. On her way home Mrs. White visited her nieces Mrs. Richard T. Odiorne and Mrs. Reeve Deene, at East Aurora.

Mr. and Mrs. George P. Kramer and family, 122 Rockland Road, Narberth, left Sunday for Alexandria, Va. to spend a week with Mrs. Kramer's sister and brother-in-law, Captain and Mrs. F. G. Spoden.

Mr. and Mrs. Eberhart Mueller, 208 Essex Avenue, Narberth, had as their guests Mrs. Mueller's brothers, Mr. Norman E. and Mrs. Francis E. Kurzenknebe of Westwood, N. J., and Mr. Paul E. Kurzenknebe of Camp Hill, Pa. They celebrated the birthday of their sister, Miss Flora Kurzenknebe, who makes her home with the Muellers.

Mr. and Mrs. Herbert A. Barton and their daughter, Mary Frances, of Merion Ave., Narberth, are spending two weeks at Stone Harbor.

Thomas M. Scott of Four Gables, Wynnewood, has left for a vacation at Eagles Mere where he will remain until Labor Day.

Mrs. Loyal Y. Graham, Jr., of 323 Haverford Ave., Narberth, has as her guests, the Rev. and Mrs. W. H. Carver, of Arlington, N. J.

## Plan Fall Outing

The Fall outing of the Montgomery County Bar Association will be held on Friday, September 7 at the Manufacturers Country Club, Oreland. Arrangements have been made for golf, swimming and tennis. Supper will be served at 7 P. M.

More than 700,000 pairs of shoes are worn out in the United States daily in normal times.

## Medical Auxiliary Head Lists Newly Elected Chairmen

Mrs. Osborne R. Roberts of Wynnewood, the newly elected president of the Auxiliary of St. Luke's and Children's Medical Center, has announced the following Committee Chairmen to serve for the ensuing two years:

Mrs. H. Herbert Pacher of Cynwyd, Knitting; Mrs. J. Henry Radey Acker of Haverford, Sewing; Mrs. Haig H. Pakradoni of Wynnewood, Social Service; Mrs. Joseph V. Wright of Penn Valley, Publicity; Mrs. Thomas Hood Latta of Haverford, Hospital Committee.

The following officers have also been elected for the next two years:

First vice president, Mrs. H. Herbert Pacher; second vice president, Mrs. Eleanor Hall Holloway; recording secretary, Mrs. Richard F. Ennis; corresponding secretary, Mrs. Charles Alfred Ridenour.

Mrs. Roberts further announced the appointment of Mrs. Charles A. Allen, of Penn Valley, and Mrs. James M. Wallace, of Merion, as co-chairmen in charge of the annual Bridge Party and Tea to be held at the Overbrook Golf Club, Wednesday, October 10.

## List Real Estate Sales

Thomas and Gresham, of 37 E. Lancaster Ave., Ardmore, through their manager, Sherman H. Reed, Jr., have announced that in the past four months, since opening their branch offices here, that they have sold for their clients, well over \$300,000 in Main Line real estate.

The sales made in the past two weeks are:

For Herbert McCarter, the property located at 2300 Bryn Mawr Ave., Wynnewood Park, to Dean McCollough for \$7950; for Mortimer R. Kates, the property located at 344 Haverford Rd., Wynnewood, to Frances B. Batterson, for \$16,000.

## WATCH YOUR STEP

During 1943, 94,500 persons were killed in accidents in the United States. Approximately 9,700,000 injuries were sustained, with 320,000 resulting in some permanent disability, such as an amputated finger, stiffened joint, or blindness.

The highest price ever paid for a single postage stamp was said to be more than \$45,000, according to the Encyclopedia Britannica. The stamp was a one-cent British Guiana issue from the Arthur Hind collection.

## Lower Merion High School NEWS LETTER

PVT. PETE DIFILIPPO is with the 3rd Marine Division, FPO SF, and wishes he was back at LM playing football. He's in the Artillery School, says it's too hot—everything's hot, even the Coca Cola and beer. Pete's afraid he'll be too old to play games after the war is over. Don't forget the late John D. Rockefeller, Sr., played a couple rounds of golf at 90 years of age. Glad to hear from you, Pete—good luck!

CHARLES F. HALL, Cox, FPO NY, sent in a change of address and gave more important news. He's married; the bride is the former Miss Joan Evans, an English girl. Her brother is in the Royal Navy and while on leave a year ago saw LM beat Farrell for the State title. Congratulations, Charlie, and we hope you'll like us, Mrs. Hall.

LT. LOUIS T. FRICK, '35, FPO SF, is Radio Officer for a squadron of Corsairs. I was glad to hear from you, LT, because today a chap was in my office who just came from your locale, also a Corsair pilot. His name, LT. JOHN SANGMEISTER, '42. He knows about your Squadron; I just talked to him on the phone and hope to see him again before he leaves. He's through with his work in the Pacific, and like most guys, seems disgusted with the outlook of instructing in the sunny South. SANGMEISTER also saw ENS. HERB LATCH, '42, Helicot Fighter, before he left the States. Best wishes to LOU and HERB—We gave JOHN his personally.

PVT. F. A. PARKINSON, APO 532 NY, sent a V-Mail change of address with the notation—"Thanks for the wonderful service, will write later." OK, Art, glad to hear from you. The 382nd Repl. Co. should be a winner.

PVT. WM. S. (GITCH) STUART, APO 408 NY, is in Germany with the 1275th Engr. Bn. He says they have swell quarters. At first things were rather dull, but they now have a baseball diamond and volleyball court laid out. All is well here at school; tomorrow (Friday, June 1, the seniors will sing their swan song and say farewell.) What! No basketball court laid out?

SGT. CHARLES FERNOW, APO 248 SF, is in the Philippines, having flown to all his bases via New Guinea. He's "picked up" two bronze stars, but hasn't enough points to hop from one island to another, let alone coming home. His P. S. says, "I just ran into CASEY ZWART this afternoon, and this will be all Fernow." What a clever quip! We didn't have a bowler in school this year who could come close to your skill on the wooden runways.

CPL. JOHN C. SELLERS is at Hunter Field, Ga., taking care of Aircraft Radio Equipment, repairing and replacing same. He says, "The Air Corps is getting very lax, they made me a CPL." Congratulations, and our Track Team was really tops this year.

PFC. NORMAN BENNINGHOVE, '42, APO 2 NY, says "V-E Day found me in Czechoslovakia still fighting and we were taking prisoners by the thousands. I've only been overseas 9 months, but I'd had enough. We're sweating out the CBI and Japan Theatre now." He does a little "beefing" about the point system which makes him a good soldier. He heard from GEORGE HANNUM, '42, who seems to be following him around. He's looking for FRANK TIBURZIO, in another Bn.; also heard BEN GILE was doing OK at Camp Clark, Mo.

R. A. WALKER is at Corpus Christi for the final phase of Air Crewman training. He wants to tell Mr. Hutton that he holds the Cross Country record in one camp and the two-mile record in another. That's the boy, Dick, keep it up. Let's hear when you move.

PVT. HUGH M. PARRISH, FPO SF, is with the Marines on Okinawa. He wrote a letter to Mr. Gilbert thanking him for the news that he can get a high school diploma. (Any of you fellows who were a credit or two short should write and find out how you stand.) Congratulations and best of luck to you, PVT.

PVT. FRANCIS R. PURCELL, APO 244 SF, is in the Philippines

and writes that his outfit (running landing craft) has been very lucky to date, haven't had a casualty. Mr. Africa is OK. I didn't know you were his problem child. (He says you were all right).

A/C CHARLES M. MELCHIOR, San Marcos AAF, Texas, is waiting to go to Gunner or Navigator School. He's working as a PT instructor and says it's a soft job. One of his buddies is from Lansdowne. Drop in and see us if you get a furlough.

CPL. "BUCK" BASILE, APO 502 SF, is getting to be a first-class typist, he always ranked as first-class correspondent. He's been in the Pacific for two years, and says he'll probably be there for two more. Says Buck, "I don't like the idea of going home for 30 or 40 days. I get home I want to stay there." Glad you're playing ball again, Reeves' club is coming along. We ought to be hearing from FRANK any day now. JOE (REDS) McFARLANE, '42, was here when your letter came, and we both enjoyed it. Here's hello from Reds to you. (He's a married man now.)

Thanks, F/O GEORGE P. O'NEILL, '43, Turner Field, Albany, Ga., for the announcement and congratulations. (Pete stopped in and looks fine.)

LT. JOHN ABRAMS, Norman, Okla., is still trying to teach the cadets some Aerology. He sends best wishes to all his friends at Lower Merion. Thanks, Johnny; coming East one of these days?

## Narberth Red Cross Work Will Continue On Same Schedule

Mrs. G. W. Orth, chairman of the Narberth branch of the American Red Cross, announced that the activities of the branch will continue until further notice on the same schedule as before.

The work of the Narberth branch for some time has been entirely devoted to the making of surgical dressings and the need for these has not been decreased with the war's ending.

All of the dressings which are now being made are used entirely at the Valley Forge General Hospital.

Mrs. Orth is urging all those who can to join the ranks of those who are making the dressings. With more boys returning to the hospitals in the country the need for these dressings is increasing.

# ...Spotted Targets Through Darkness, Smoke or Fog

**The Bell System—  
the largest source of Radar  
for our fighting forces**

THIS is not surprising for Radar development and production stems from the same roots that produced and continue to nourish this country's telephone system.

Radar, the instrument which enabled our land, sea and air forces to spot enemy targets through darkness, smoke or fog, was one of the outstanding new fighting instruments of the war.

Two years before Pearl Harbor the Government asked Bell Telephone Laboratories to put its wide experience and knowledge of electronics to work

to help perfect Radar as a military instrument. From then on the Laboratories co-operated closely in the Radar program with the National Defense Research Committee, with Army and Navy specialists, and with scientists of Great Britain.

The Western Electric Company, manufacturing branch of the Bell System, became the Nation's largest supplier of Radar systems. One type it made was universally used by B-29's in the Pacific for navigation, target location and high altitude bombing. Another played an important part in aiming the guns on our warships.

If you're waiting for a home telephone, it helps a little to know that Radar is one of the reasons. For years telephone manufacturing plants were devoted to these war needs.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

## SPORTS SCENE

By L. M. FORD

The war's end and the discontinuation of gas rationing probably won't have any immediate effect on sports on the Main Line with the possible exception that more persons probably will get out to the golf courses than heretofore—provided they can find the golf balls.

When the gas ban was lifted Main Line Baseball League officials considered the possibility of finishing out the season on a Saturday-Sunday pre-war schedule, but a checkup revealed that many players still would be unable to play on Saturdays due to job commitments. Thus, at a meeting of the managers Monday night, it was decided to forego the postponed games on the books and to start the playoffs without further delay, operating only on Sundays as originally planned.

However, it is now possible for West Chester to be represented in the Main Line Basketball League before another year passes. Joe Bytche, manager of the Red Arrow team last winter, has applied for a franchise for Upper Darby this coming season, with the understanding that he would be allowed to transfer to West Chester when conditions returned to normal. He probably won't be in a position to make the change until next winter, according to reports.

Lower Merion High plans a new football stadium on the site of the current practice field across the street from the administration building and will be equipped with lights so that the Maroon will be able to inaugurate night football on the Main Line. This won't become a reality for at least year, possibly two or more.

This ultimately will mean the installation of lights for night football at Haverford High. Upper Darby and Radnor, and most of the larger suburban schools. It will be an inevitable post-war trend that most schools just won't be able to afford to ignore.

A new gymnasium is on the future plans at Haverford High. Let's hope the architects provide for seating accommodations for at least 3,000, otherwise the gym is not too small with in a few years after it is built.

Biggest post-war development in Haverford Township will be the reconstruction of the Brookline Country Club, now used by the Army Signal Corps, into a community recreation center as a joint school-township project.

Not content to wait until the Army vacates, an indoor recreation program will be initiated in the high school gyms this winter, making possible leagues in basketball, badminton and volleyball and various individual activities.

When all our boys return from the services they'll find more sports and recreation activity available than when they left home. Which is the way they wanted it, and the way it should be. Yea, man! Peace—it's wonderful!

### Annual Victory Fete August 24, 25

The second annual Victory Carnival sponsored by the Lynnewood Park Civic Association will be held Aug. 24 and 25 on the Carnival Grounds, Maryland Ave., Lynnewood Park, Manoa, from noon to 12 P. M.

Games, dancing, pony rides and many other attractions for old and young will be featured and bonds for contest winners will be awarded each night at 9:30 P. M.

Proceeds from the carnival will be used for the benefit of the playgrounds, part going to expenses of equipment, maintenance and supervision of the present temporary playgrounds and the balance into the sinking fund for a permanent playground which is contemplated.

### KNOW YOUR STATE

Pennsylvanians face the post-war world with the largest accumulation of savings ever recorded in the history of the Commonwealth. This evidence of the thrift and foresight of our people provides a permanent source of strength and stability to their prospects in facing the drastic changes which now lie before us.

The time deposits in our State and National banks plus the deposits in postal savings accounts in the Commonwealth now exceed \$3,000,000,000, or an average of \$300 deposited in savings accounts for every man, woman, and child in the Commonwealth. Total bank and postal savings deposits, including the demand deposits in State and National banks, exceeds \$8,000,000,000. The highest per capita savings, \$510, are recorded for Philadelphia, but Wayne County, a predominantly rural area, is a close second. York, with its diversified agriculture and war industries, is third. Lackawanna, Luzerne, Carbon, and Columbia Counties in the hard coal regions, Monroe and Northampton in the East of the State, and Clarion, Mercer, and Warren in the Northwest were all high in per capita savings at the beginning of 1945.

To this large accumulation of capital must be added the war bond purchases made during the past three years which add substantially to the resources and the purchasing power of our people over the years to come.

# Manoa-Narberth and Brookline-Ardmore Start Playoffs Sunday

## 1944 Co-Champs Launch Series At Veterans Park; Hares Choice Over Lions

### Manoa Finishes First By Defeating Collegeville On Straccione's Homer; 4-2 Borough Jars Ardmore, 9-0; Llanerch Bows, 10-4

The boys in the Main Line Baseball League really get down to serious business this Sunday when the first four teams tangle in the opening games of the Shaughnessy playoffs.

Manoa finished the regular season in first place and drew its arch-rival, Narberth, which finished third, as its opponent in the best-two-games-out-of-three series. The first game will be played at Veterans Park, Brookline, Sunday and the second will be played at Narberth next week.

Second place Brookline and the Ardmore Lions, which squeezed into fourth place although losing its final game last week, clashed in the other playoff, with the first game listed for Ardmore's Wynnewood Rd. playfield and the second for Brookline next week.

It's rather ironical for Manoa and Narberth to be meeting in these preliminary playoffs as they met the last two years in the championship series. Last year they shared the pennant when the title series was called off on account of cold weather with the teams deadlocked at two games apiece. This year they'll have to reach a decision as the winner will play the Brookline-Ardmore survivor for the league championship in a five-game climax series.

Manoa will be heavily favored as it defeated the borough by 11-4 and 2-0 this season. Their third game was rained out. Narberth fans have been considerably cheered by the return to form of Jim and Craig, the borough's ace pitcher who turned in shutouts, his last two times out, and they're quietly predicting a surprise for Sammy Rudolph, the highly regarded tosser. Manoa rooters, in turn, scoff at this idea and claim there won't be anything to it.

Brookline rules the choice over Ardmore, having defeated the Lions 4-0 and 9-4 in their final game was rained out, but no one is selling the Lions short since they won three of their last four games and were the only team to defeat Manoa twice.

Manager Eddie Hare will rely upon Len Smith to pitch Brookline to victory, while Bob McLeod will be Ardmore's choice for the opener. Manager Al Mueller has hopes that Bill O'Donnell, who was injured in midseason, will be ready to take his turn on the mound for Ardmore in the second game.

Smith coasted to an easy victory as Brookline hammered Llanerch, 10-4, in their final game of the regular season at Llanerch last Sunday. Smith collected two of his team's 13 hits and kept Llanerch's 10 hits scattered except in the sixth when the Larks turned in runs and in the final game when they scored their final marker. A four-run third inning and a five-run seventh sewed up the game for the Hares, their ninth victory in 13 games.

McLeod's three-game winning streak was ended abruptly by Craig and Narberth as the latter romped to a 9-0 victory over Ardmore on the latter's Diamond. Ardmore didn't mind too much as it held fourth place in the standings when fifth-place Collegeville was upset by Manoa, 4-2, at Veterans Park.

Narberth got off to a 3-0 lead in the first inning and was never challenged by Ardmore, which was limited to six hits by Craig. Bill Lane led Narberth's 11-hit assault, driving in three runs with three hits. Boyle and Wright each had two hits.

One spectacular stroke by Tony Straccione settled the Manoa-Collegeville encounter. The Manoa third sacker caught one of the Collegeville pitcher's pitches in the third inning and poled it over the bank in centerfield for a home run, scoring behind Walt Cantwell and Danny Cressman, who had singled.

This change a 2-0 deficit into a 3-2 Manoa lead and Cantwell kept Collegeville scoreless the rest of the way. Cantwell, who is a cinch to oppose Narberth Sunday, was touched for 11 hits, but he had all the answers in the pinches and he contributed two hits of his own to Manoa's tenth victory.

Manoa won despite absence of hard hitting. But Ash, who was hurt on vacation and missed his second straight game.

League managers voted unanimously at a meeting Monday night at Narberth to cancel all postponed games and to start the playoffs immediately.

**Ardmore Officer Safe He Cables His Family**  
Lt. Donald S. McClellan, USMC, a veteran of Iwo Jima, is well and safe, according to a cable received from him yesterday by his mother, Mrs. E. N. McClellan, 610 Hazlewood Rd., Ardmore.

His family had had no word from him since he and another Marine lieutenant were detached from the Fifth Marine Division two weeks before the atomic bombing and sent on an undisclosed mission.

Air pressure in tires of cars that consistently carry more than a full-passenger load should be increased to take care of the additional weight.

### Baseball Standings

**MAIN LINE LEAGUE Sunday's Results**  
Manoa, 4; Collegeville, 2.  
Brookline, 10; Llanerch, 4.  
Narberth, 9; Ardmore, 0.  
Final Standings of Teams

Team	W	L	P.C.
Manoa	10	3	.769
Brookline	9	4	.692
Narberth	8	5	.615
Ardmore	5	8	.385
Collegeville	4	9	.308
Llanerch	3	10	.231

### Sunday Schedule

**Preliminary Playoffs**  
Narberth vs. Manoa, Darby and Manoa Rds., Brookline, 3 P. M.

**Brookline vs. Ardmore**, Wynnewood Rd., Playfield, Ardmore, 3 P. M.

### Junior Loop Won By Annunciation

#### Ardmore Park Nine And Brookline Lead Playoffs

Annunciation captured the Junior Baseball League championship by sweeping two straight games from South Ardmore in their post-season playoffs on the high school field.

The Brookline parochial nine defeated South Ardmore, 11-4, on Monday and then sewed up the pennant with a 7-0 victory the following afternoon. Annunciation had eliminated Sacred Heart and South Ardmore put out Manoa in the semi-finals, neither series going the limit.

Big surprise of the week's playoffs was the elimination of Manoa's first place team in the National League semi-finals, Brookline, which finished in fourth place during the regular season, trounced Manoa, 16-0, last Thursday to end their season, having previously beaten the leaders, 11-1.

South Ardmore provided another upset when it defeated second place Ardmore Manor Aces, 3-1, and 6-2, in a doubleheader last Thursday to reach the finals.

In the opening game of the championship series, Brookline maintained its remarkable play to split South Ardmore, 7-4, on Tuesday and when this was written, the game was still in progress.

Ardmore Park, which eliminated the Signal Corps in two consecutive games, drew first blood in the championship series when it tossed out Marple-Newton, 10-0, on Monday. Marple-Newton, which took two straight from Penfield in the semi-finals, out-hit Ardmore Park, 8-2, but tossed away the game on errors.

Osmond and Kellert qualified for the finals in the Senior Softball League. The former defeated Signal Corps, 7-2, in their third and deciding game Tuesday, while Kellert, overwhelmed Crossdale, 10-0, to make a sweep of their series.

### AMERICAN LEAGUE PLAYOFFS

### Three Day Celebration Planned Labor Day

A three day Labor Day celebration will be observed in Westgate Hills starting Saturday, September 1, at 10 A. M. and closing the evening of Labor Day.

The program includes games, kite flying, contests, Little Misses' doll and coach parade, vegetable canning and flower exhibition, ball games, refreshments, children's activities, quilt and tennis tournaments and pony rides.

Nate Stengel is general chairman for the festivities which will be held on the playground, at the house of Oxford Hill Lane. The members of the committee also include: Al Casseberry and Will Johnston, carnival; Bill Robinson, quilts; Howard Ackerman, tennis; Al Winger, children's games; Mrs. A. ## Narberth Is Host To All-Star Game

### Conference Tossers Oppose N. Philly On Saturday

Mickey Gavin's Main Line Conference All-Stars will meet the North Philadelphia League combination Saturday at the Narberth ball field.

Proceeds from the game will be divided between the Camp and Hospital committee of the Main Line Red Cross and the Main Line Boys' Club Conference.

The pick of the local league held a practice session last night under the watchful eye of Manager Gavin and his assistants, Joe Massetti of the Optimists and Bud Raum of Berwyn.

A squad of 20 players worked out and from this group Gavin will select the first team to meet the North Philadelphia League combination Saturday at the Narberth ball field.

Probable starting lineups:  
Main Line Post North: Phil Mather, Kirklyn 1b, Weickel, Glenk, Powell, Narberth 2b, Williams, Glenk, Bryn Mawr 3b, Glezman, Glenk, Jeffers, Narberth SS, Castagna, Mottson, Ambrosio, Cliffers CP, Schwartz, Glenk, Dutton, Berwyn C, Stork, Lighthouse, Narberth 1b, Merz, Glenk, Whitney, Optim's P. Youngs, Lighthouse.

### To Continue Enlisting

The Marine Corps will continue to enlist 17-year-old young men. A message, stressing the importance of continuing the program for the enlistment of several thousand young men, 17 to 18, was sent from Marine Corps Headquarters to all recruiting offices late last week.

Four year enlistment periods are being offered those who qualify. Others may still volunteer to serve for the duration of the National Emergency.

### Hold Special Meeting

The Manoa Auxiliary of the Delaware County Hospital held a special meeting last Tuesday afternoon at the home of the Ways and Means chairman, Mrs. Robert H. Smith, West Chester Pk., Manoa, with 12 members attending.

The local group will have charge of the apion booth at the bazaar to be held on Sept. 15 on the hospital grounds.

Many air liners leave the ground with a cruising speed of about 60 miles an hour.

## 80 Candidates Start Football Practice at Lower Merion H. S.

Approximately 80 boys turned out for the first football practice of Lower Merion High School, held Monday morning and afternoon.

Head coach, Richard R. Mattis, announced that four of last year's lettermen, and several promising sophomores, will form the nucleus of the 1945 team.

The lettermen are captain Perry Scott, fullback; Jim Fleck, tackle; Bob Davis, halfback; and Stan Broza, tackle.

## Manoa Legion Out of Tourney

### Perkasie Eliminates Locals With 3-0 Win At Lansdale

Manoa Legion Post 667 junior baseball team finally reached the end of the trail in the state American Legion tournament Monday night.

Perkasie Legion came up with just a triple too much pitching and a mite too much class and eliminated the Haverford Township youngsters by winning the third and deciding game of their series, 3-0, at Lansdale High.

Manoa had dropped the opening game of the series at Brookline, 5-0, last Wednesday, but made a magnificent comeback on Friday to defeat Perkasie, 4-1, at Perkasie.

Roy Allen enabled Manoa to square the series by taming the Perkasie batters with just three hits on Friday, while his mates hit Paul Thomas steadily for nine blows. Bob Marschhausen and Sinclair Muir leading the way with three hits each.

A two-run rally in the sixth inning broke a 1-1 tie and gave Manoa the verdict.

Allen came up with a brilliant bit of relief pitching in the third game Monday, but it came too late and it went for naught. In the second inning four consecutive singles off Bill Snyder, Manoa's starting hurler, gave Perkasie their three runs.

Allen went to Snyder's relief and retired the side with the bases loaded and then held Perkasie scoreless the rest of the game.

Jim (Lefty) Muir, Perkasie pitcher, hit out Manoa's starter in the second, duplicating his stunt of the opening game. He kept six Manoa hits well scattered and fanned nine, retiring the side in this manner in the ninth.

Manoa's last game was a 1-0 win over the Haverford Township team in the eighth.

## Ezickson Twirls No-Hit 1-0 Win

### Narberth and Ardmore Even Conference Playoffs

The two underdogs in the Main Line Baseball Conference playoffs turned in two brilliant performances Sunday to knot the semi-final series.

With Dave Ezickson hurling a no-hit, no-run game, the Narberth Boys' club turned back Kirklyn, 1 to 0, and the Ardmore Eagles defeating Good Counsel of Bryn Mawr, 4 to 2.

Only in the sixth and seventh innings of the Kirklyn-Narberth game, and with two out, was Ezickson in trouble. In both cases the bases were filled because of walks, but he bore down and fanned the remaining batters.

Fielding ace of the day was Dick Powell. Narberth second baseman, who handled four chances without an error and went deep into left field over the Road field for a sensational catch.
